UGREEN

PRODUCT CATALOGUE

Computer & A/V Peripheral For Wholesale
And Value-added Business

CORPORATE PROFILE

At UGREEN, we believe there's an optimal combination of value and innovation. Since our foundation in 2012, we've been dedicated to building consumer electronic devices and accessories with leading technological innovations, and making them accessible to our everyday consumers. The user-centered philosophy runs in our blood and through our R&D, design, manufacturing, sales, and marketing, as well as customer service.

UGREEN has steadily grown into a brand trusted by over 40 million users in more than 100 countries around the world. Our award-winning product portfolio ranges from charging devices, mobile-phone and computer accessories, to home and automobile accessories. With an extensive channel network both online and offline, UGREEN is committed to providing maximum value backed by high-quality products and premium service to our customers.

CORPORATE CULTURE

Mission:
To provide great value to users, to increase employee happiness, and to make a difference to the society.

Vision:
To become a global brand of value and humanity.

Values:
To be user-centered, sincere, and dedicated to innovative technology.
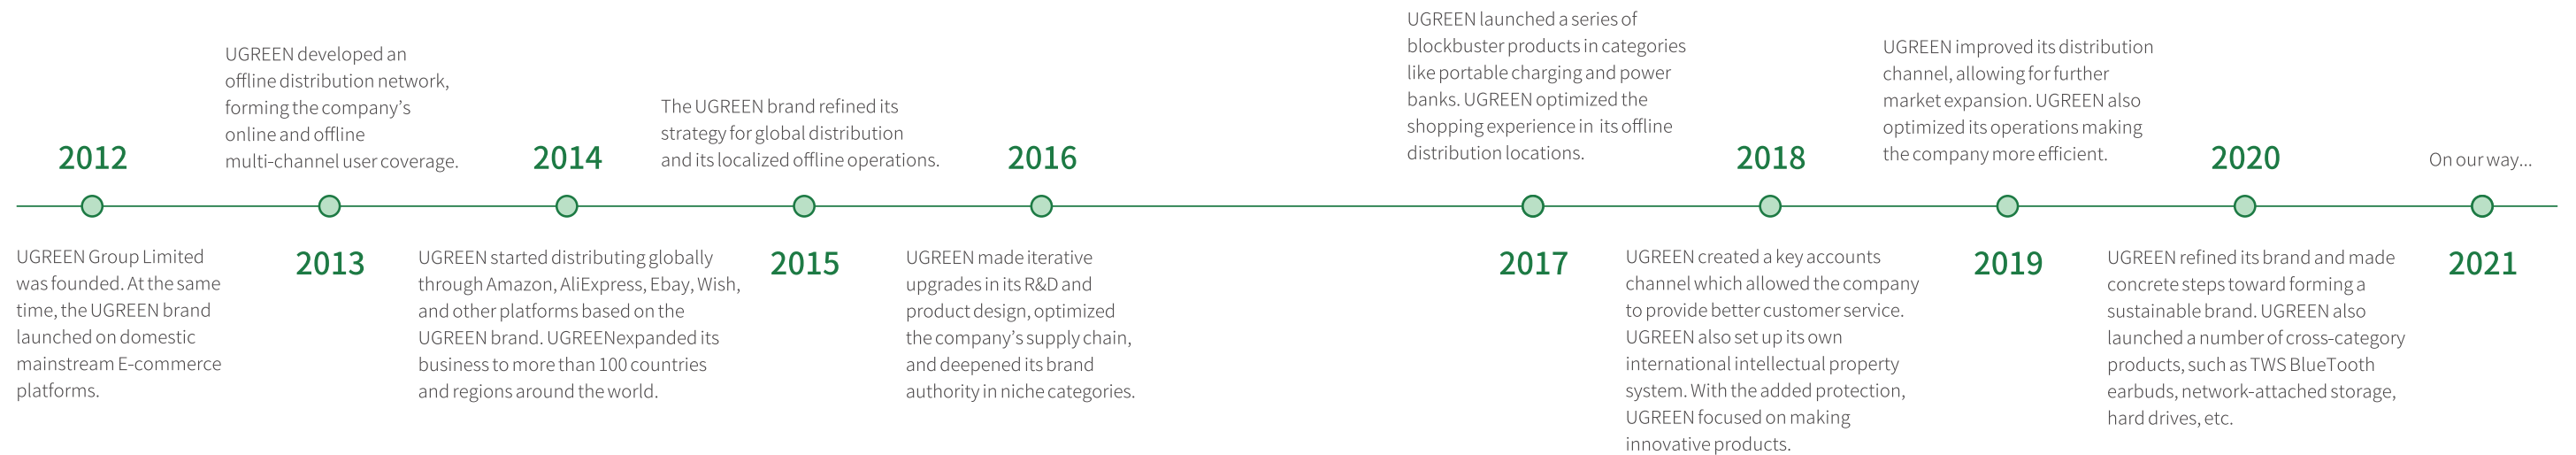

Business Philosophy:
To establish an organization with great efficiency and vitality through continuous optimization, to strive for and create opportunities to provide users with valuable products and services.
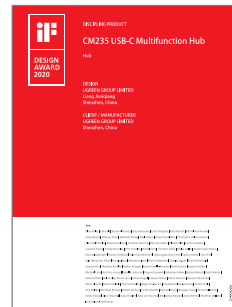

STRATEGIC MILESTONES

2012
UGREEN developed an offline distribution network, forming the company's online and offline multi-channel user coverage.

2014
The UGREEN brand refined its strategy for global distribution and its localized offline operations.

2016

UGREEN launched a series of blockbuster products in categories like portable charging and power banks. UGREEN optimized the shopping experience in its offline distribution locations.

2018

UGREEN improved its distribution channel, allowing for further market expansion. UGREEN also optimized its operations making the company more efficient.

2020

On our way...

UGREEN Group Limited was founded. At the same time, the UGREEN brand launched on domestic mainstream E-commerce platforms.

2013

UGREEN started distributing globally through Amazon, AliExpress, Ebay, Wish, and other platforms based on the UGREEN brand. UGREENexpanded its business to more than 100 countries and regions around the world.

2015

UGREEN made iterative upgrades in its R&D and product design, optimized the company's supply chain, and deepened its brand authority in niche categories.

2017

UGREEN created a key accounts channel which allowed the company to provide better customer service. UGREEN also set up its own international intellectual property system. With the added protection, UGREEN focused on making innovative products.

2019

UGREEN refined its brand and made concrete steps toward forming a sustainable brand. UGREEN also launched a number of cross-category products, such as TWS BlueTooth earbuds, network-attached storage, hard drives, etc.

2021

HONORS AND AWARDS

IF Design Award	Red Dot Design Award	Contemporary Good Design Award	Red Star Design Award
USPTO Certificate	CNIPA Patent Of Utility Models	CNIPA Patent Of Invention	EUIPO Certificate Of Registration

APTX Certificate	BQB Certificate	Qualcomm Quick Charge Certificate	QI Certificate	TELEC Certificate
CE Certificate	FCC Certificate	ROHS Certificate	PSE Certificate	SRRC Certificate

PRODUCT INNOVATION

UGREEN's design philosophy always focuses on the needs of the customers. We built an efficient customer feedback system. Our media and online communities have allowed us to act on our customers' ideas to create more valuable products. We value simplicity and accessibility in our designs. Our products are minimalist and simple to operate in order to ensure that our customers can easily use them in their daily lives.

Our products work for personal computers and mobile phones. We have put an emphasis on developing more phone accessories that feature fast charging, data transference, and the ability to simplify your life.

- RAID — 4 Array Modes
- S.M.A.R.T
- 6 Gbps — 6Gbps

USB 3.1 To 3.5"/2.5"Dual Bay RAID Hard Drive Enclosure
PID: CM249

- RAID — 4 Array Modes
- S.M.A.R.T
- 5 Gbps — 5Gbps

Networking Peripheral

Cat 5e UTP Pure Copper Ethernet Cable

PID: NW108

Executive Standard: YD/1019-2013、ISO/IEC 11801、EIA/TIA 568C.2, Capable of passing the Fluke test

Tranfer Rate: 100Mbps

Specification

Conductor: Adopts 24AWG and single-stranded 0.5 (±0.01)mm pure-copper core

Insulation: High density PE sheath features excellent extensity and tear-resistance

Twisted: Every 2 wire-cores are twisted togeter to reduce signal interference

Structure: Consists of 4 pairs of shielded twisted pairs

Sheath: Adopts tear and wear resistant PVC material

Wire Mark: The wire is marked by meter for convenient cutting and wiring

Cat 6 UTP Pure Copper Ethernet Cable

PID: NW109

Executive Standard: YD/1019-2013、ISO/IEC 11801、EIA/TIA 568C.2, Capable of passing the Fluke test

Tranfer Rate: 1000Mbps

Specification

Conductor: Adopts 23AWG and single-stranded 0.57 (±0.02)mm pure-copper core

Insulation: High density PE sheath features excellent extensity and tear-resistance

Twisted: 4 pairs of 8-core twisted pairs are twisted togeter to reduce signal interference

Structure: Consists of cross-skeleton structure and 4 pairs of shielded twisted pairs

Sheath: Adopts tear and wear resistant PVC material

Wire Mark: The wire is marked by meter for convenient cutting and wiring

Usage: Supports PoE Charging.

Cat 6 SF/UTP Pure Copper Ethernet Cable

PID: NW124

Executive Standard: YD/1019-2013、ISO/IEC 11801、EIA/TIA 568C.2, Capable of passing the Fluke test

Tranfer Rate: 1000Mbps

Specification

Conductor: 0.58mm/0.02 ft diameter features low resistance and stable transmission

Insulation: High density PE sheath features excellent extensity and tear-resistance

Twisted: 4 pairs of 8-core twisted pairs are twisted togeter to reduce signal interference

Structure: Consists of cross-skeleton structure and 4 pairs of shielded twisted pairs

Sheath: Adopts tear and wear resistant PVC material

Wire Mark: The wire is marked by meter for convenient cutting and wiring

Usage: Supports PoE Charging.

Cat 7 S/FTP Pure Copper Ethernet Cable

Executive Standard: YD/1019-2013、ISO/IEC 11801、EIA/TIA 568C.2, Capable of passing the Fluke test
Tranfer Rate: 10Gbps

Specification

Conductor: Adopts 23AWG and 0.58 (±0.008)mm pure-copper core
Insulation: High density PE sheath features excellent extensity and tear-resistance
Twisted: 4 pairs of 8-core twisted pairs are twisted togeter to reduce signal interference
Structure: Consists of cross-skeleton structure and 4 pairs of shielded twisted pairs
Sheath: Adopts tear and wear resistant PVC material
Wire Mark: The wire is marked by meter for convenient cutting and wiring
Usage: Supports PoE Charging.

PID: NW125

Cat 8 S/FTP Pure Copper Ethernet Cable

Executive Standard: YD/1019-2013、ISO/IEC 11801、EIA/TIA 568C.2, Capable of passing the Fluke test
Tranfer Rate: 40Gbps

Specification

Conductor: Adopts 22AWG and 0.62 (±0.008)mm pure-copper core
Insulation: High density PE sheath features excellent extensity and tear-resistance
Twisted: 4 pairs of 8-core twisted pairs are twisted togeter to reduce signal interference
Structure: Consists of cross-skeleton structure and 4 pairs of shielded twisted pairs
Sheath: Adopts tear and wear resistant PVC material
Wire Mark: The wire is marked by meter for convenient cutting and wiring
Usage: Supports PoE Charging.

PID: AV157

Specification

Wire Core: Adopts oxygen-free copper core
Insulation: Double-layer insulation to ensure a lossless audio
Sheath: PVC outer sheath for convenient wiring

Parameter	100-core	150-core	200-core	300-core

Pure-Copper Wire Core Protective Sheath Speaker Cable

Outdoor Performance | **Outdoor Stage** | **Outdoor Activities**

PID: AV159

Specification

Sheath: Adopts tear and wear resistant PVC material
Inner Layer: Elastic PE inner layer for easier cutting and peeling
Wire Core: Consists of 200 pure-copper wire cores

Parameter	1mm²	1.5mm²	2.5mm²

XLR Microphone Engineering Cable

- **Home theater**
- **KTV**
- **Studio**
- **Outdoor Stage**
- **Conference**

PID: AV160

Specification

Sheath:	Adopts tear and wear resistant PVC material.
Wire Core:	Adopts 42 0.1mm high-purity oxygen-free copper wire cores
Cable Structure:	Consists of 96 oxygen-free twisted nets + aluminum foil shield

SDI Pure-Copper Wire Core

- **Control Room**
- **Conference Room**

PID: SP103

Specification

Resolution:	1920*1080 resolution output.
Wire Core:	The conductor adopts pure copper wire core
Cable Structure:	Transmits audio/video signals simultaneously
Transmission:	The cable impedance is 75Ω with 1GHz transmission bandwidth
Sheath:	Adopts tear and wear resistant PVC material.

3.5mm Male to Male Cable

PID: AV125

HiFi · Multiple Shielding · 0.5M~20M More Choices

3.5mm Male to 6.35mm Male Cable

PID: AV127

HiFi · Multiple Shielding · Gold-Plated

6.35mm Male to 6.35mm Male Cable

PID: AV128

HiFi · Multiple Shielding · Gold-Plated

3.5mm to Dual 6.35mm Male Cable

PID: AV126

HiFi · Multiple Shielding · Stretch Resistance

3.5mm Male to Dual 3.5mm Female Headset Splitter

PID: AV141

1 to 2 · Multiple Shielding · Quality Sound

Dual 3.5mm Male to 3.5mm Female Audio Cable

PID: AV140

2 to 1 · Multiple Shielding · Soft and Flexible

3.5mm Male to Female Audio Cable

PID: AV118

Support MIC · Quality Sound · Plug&Play

3.5mm Male to 2 RCA Female Cable

PID: AV109
